## Financial gifts

Consider making a financial gift, which can help transform a child's life. Your gift, big or small, will contribute to helping us accommodate the increasing numbers of children who would otherwise miss out on the inspiration, fun and opportunity we offer at the Cottage. To provide a quality experience with the highest standards of care, we are reliant on the generosity of your donations. Cottage by the Sea is enormously proud to be an organisation that does not rely on government funding. This independence goes hand-in-hand with autonomy. That Cottage by the Sea is funded by private sources, also serves to demonstrate how beloved the Cottage is within our community.
